

# Gulf of Maine Mapping Initiative (GOMMI) Coverage Map

Areas mapped using high-resolution bathymetric surveys as of Feb 2008

This map shows seafloor areas mapped using high-resolution bathymetric surveys as of Feb 2008. Survey areas are indicated with letters. Orange areas are in U.S. waters, and yellow areas are in Canadian water.

## Map

### code Survey area

**A** Nahant to Gloucester  
U.S. Geological Survey & Massachusetts Coastal Zone Management

**B** Cape Ann to Salisbury Beach  
U.S. Geological Survey & Massachusetts Coastal Zone Management & Science Applications International Corporation

**C** Stellwagen Bank and Western Massachusetts Bay  
U.S. Geological Survey & National Oceanic and Atmospheric Administration & Ocean Mapping Group at University of New Brunswick & Canadian Hydrographic Service

**D** Jeffreys Ledge  
NOAA/Joint Hydrographic Center at University of New Hampshire  
Science Applications International Corporation

**E** Wild Cat Knoll  
National Oceanic and Atmospheric Administration

**F1** Platts Bank and Three Dory Ledge  
NOAA/Joint Hydrographic Center at University of New Hampshire  
Science Applications International Corporation

**F2** Cashes Ledge  
NOAA/Joint Hydrographic Center at University of New Hampshire  
Science Applications International Corporation

**F3** Fippennies Ledge  
NOAA/Joint Hydrographic Center at University of New Hampshire  
Science Applications International Corporation

**F4** Northeast margin of Cape Cod  
NOAA/Joint Hydrographic Center at University of New Hampshire  
Science Applications International Corporation

**F5** Wild Cat Knoll (northern)  
NOAA/Joint Hydrographic Center at University of New Hampshire  
Science Applications International Corporation

**G** Great South Channel  
U.S. Geological Survey & National Oceanic and Atmospheric Administration & Ocean Mapping Group at University of New Brunswick & Canadian Hydrographic Service

**H1** Bay of Fundy  
Geological Survey of Canada & Ocean Mapping Group at University of New Brunswick

**H2** German Bank  
Geological Survey of Canada

**H3** Browns Bank  
Geological Survey of Canada

**H4** Northeast Channel  
Geological Survey of Canada

**H5** Eastern Georges Bank  
Geological Survey of Canada

**I** Duxbury to Hull  
U.S. Geological Survey & Massachusetts Coastal Zone Management

**J** Boston Harbor and Approaches  
U.S. Geological Survey & Massachusetts Coastal Zone Management

**K** Portsmouth Harbor  
Center for Coastal and Ocean Mapping/Joint Hydrographic Center/UNH

**L** Casco Bay  
Center for Coastal and Ocean Mapping/Joint Hydrographic Center/UNH/NOAA  
Science Applications International Corporation

**M** Monhegan Island  
Center for Coastal and Ocean Mapping/Joint Hydrographic Center/UNH/NOAA  
Maine Department of Marine Resources

**N** Northern Cape Cod Bay  
U.S. Geological Survey & Massachusetts Coastal Zone Management

**O** Cape Cod Bay  
National Oceanic and Atmospheric Administration

**P** Eastern Cape Cod  
U.S. Geological Survey & National Oceanic and Atmospheric Administration & Ocean  
Mapping Group at University of New Brunswick & Canadian Hydrographic Service

**Q** Great Round Shoal  
National Oceanic and Atmospheric Administration & U.S. Geological Survey

**R** Woods Hole, Quicks Hole, Edgartown Harbor & Buzzards Bay  
National Oceanic and Atmospheric Administration

**S** Martha's Vineyard  
U.S. Geological Survey & Woods Hole Oceanographic Institution
